

6th Clinical Update Sleep: International Conference

10 February 2023

*Royal College of Physicians
11, St Andrews Place,
London, NW1 4LE*

**“Excellent, inspiring
and educational”**

past attendee

This international one-day conference with parallel educational streams will guide delegates through the latest developments of sleep medicine. We are delighted to bring to you in person the latest review of evidence for the diagnosis and treatment of patients with sleep disorders in the UK, including obstructive sleep apnoea, hypersomnia, parasomnia and insomnia.

This conference is suitable for clinicians, medical students and allied healthcare professionals with an interest in sleep medicine.
